Jennifer,
This series has been stellar. A simple concept with excellent content and good production values. It was a pleasure working with you as usual. Thank you for the kind words. I'm looking forward to the follow-up.

Subject: Thanks

And that's a wrap!

Thanks everyone for a great show. It was good conversation and dialogue that was much needed. The production was great as well and as always get directing.

In the end it matched the mission of WHUT and Howard University.

Have a great weekend,
Jennifer
