Dear Professor Thomas,

I would like to thank you for your teachings this semester. I know I am a difficult student to teach, but I did appreciate your advice as well as your lessons on journalism. I learned how important it is to be diligent with both time management and deadlines.

This class pushed me to learn new media programs as well as learn more about the field in journalism and has inspired me to apply to work at the Hilltop. I spoke with Dr. Thornhill about it today, are there any positions available for the summer?

With your permission I would like to return to your office, in case I need any advice when moving forward with my educational career at Howard. Thank you for everything, have a nice summer.

Sincerely,  
Isaac Umar

Dear Class,

I wanted to let you know your final grades are now in Blackboard and will be posted within the next week on Bison Web.

You all were so impressive during your final ePortfolio presentations! You represented yourselves and the class very well. So well, they've asked me to teach it again next semester. Thanks for your diligence and patience. You're well on your way as media professionals!

See me if something appears to be off with your grades.

Have a great and safe summer!

Best,

Prof Thomas
