Professor Thomas & Professor May,

Professor Thomas- I wanted to take a moment to express how thankful I am to have had the opportunity to cover the White House event yesterday. I learned a lot and the experience was well-needed. I never noticed how much I love the "hustle and bustle" of journalism but I truly do love that. My skills were definitely put to the test yesterday, and I think I did pretty well for a first timer. Being in an environment like that one reassured me that journalism is the career path for me. So thank you once again!

Professor May- Thank you for being so kind and willing to explain everything to me step by step prior to the event and during the event. You made me feel very welcomed and you gave me enough support but also allowed me to be independent in my reporting. It's obvious that you sincerely care about your students and want the best for them.

Overall, though I will be considered a graduate, I am happy to still report for HU News Service throughout the summer until your new classes get here in the Fall. I will be here during the summer.
