Good Evening Professor Thomas,

I hope all is well with you and pray you got a chance to enjoy your holiday break. I was actually in D.C. for homecoming and wanted to come by and surprise you but I was told I just missed you!

I wanted to stop by and say “thank you” a million times. The time I spent in your class DEFINITELY prepared me for graduate school. I joke around (but seriously too) and tell my mom I almost feel over qualified. In one class we spent ALL THREE hours discussing how to interview someone and how to end an interview. In another one, even the TA wasn't sure how to explain editing clips in Final Cut n- I literally took over the lab and taught the lecture on video editing.

So again, THANK YOU a thousand times! My first semester was a breeze. Nothing published yet, but I think it's the query letters and not the work. Received mainly A's and a B here and there but I owe all that to God, you, and good old Howard University.

P.S. I still wear all my Howard gear around campus so they know I bleed blue! I even ran into a girl who graduated one year before me from Howard – in the sciences though.

Hope all is going well with your classes this semester and again thank you, thank you, thank you!

Have a blessed day.

Sincerely,

Destinee Harrison
